

Would you like to improve your thinking and memory?

Contribute to our understanding of how to improve the benefits of brain training in older adults.

Be a part of ongoing research study on brain stimulation.

Study compensation is \$75 for each MRI visit (Total \$150).

You may be eligible to participate if you:

- ▶ Are willing to have 2 MRI brain scans over a 2-week period.
- ▶ Are free of implants or devices not safe for MRI.
- ▶ Are willing to come into the lab five days per week for two weeks to do daily training on a computer.
- ▶ Are willing to have up to ten daily brain stimulation sessions.
- ▶ Free from any neurological/psychiatric disorders or dementia.
- ▶ Are willing to answer questions about medical history, thinking, memory, mood, and daily activities.
